30,000 Movement Tempo
Increases, Warren Says

ATLANTA (BP)--Southern Baptists are 1,565 closer to their goal of 30,000 churches and missions by 1964 than they were six months ago.

The denomination has organized 11,817 units in its 30,000 Movement. Only 10,252 were reported last August. These figures, as well as the others, were reported by C. C. Warren of Charlotte, N. C., director of the Movement.

He made his report to officials of the Convention's Home Mission Board in Atlanta, which has been given the responsibility of coordinating the Movement.

The new figures include 3,863 churches organized and 7,954 missions established. The totals are released twice each year by Warren from reports given him by 30,000 chairmen in the state conventions.

During the previous six-month period only 651 new units were reported, and the 1,565 increase just reported indicates a quickened tempo to the Movement.

The 30,000 Movement, a mammoth program to establish 20,000 missions and 10,000 churches by 1964, originated from a challenge to the Southern Baptist Convention by Warren when he was its president in 1956.

The big increases for the past six months came from Alabama, Florida, Georgia, Illinois, Indiana, Maryland, Missouri, Mississippi, North Carolina, Ohio, Oregon-Washington, and Virginia. The two largest were in Alabama and Georgia.

At the present time leaders are stressing the "home fellowship" plan of starting missions. These are services held by laymen or ministers in homes when no churches are located nearby.

The figures released by Warren included the following breakdown by states. The first figure is new churches organized; the second, new missions established.

Alabama--173--300; Alaska--16--28; Arizona--61--160; Arkansas--66--87;
California--237--481.

Colorado--73--150; Cuba--3--46; District of Columbia--8--9; Florida--189--291;
Georgia--134--216.

Kentucky--123--275; Kansas--41--60.

Louisiana--89--111; Maryland--44--133; Michigan--67--86; Missouri--100--342;
Mississippi--95--110.

New Mexico--44--115; North Carolina--148--214; Ohio--137--253; Oklahoma--90--215;
Oregon-Washington--51--121.

Southeastern Names
Building For Stealey

WAKE FOREST, N. C. (BP)--Trustees of Southeastern Baptist Theological Seminary here unanimously named the administration building in honor of seminary President S. L. Stealey.

The building, since the seminary purchased the former Wake Forest College plant, has been known as the administration building. Hereafter, it will be known as Stealey Hall.

A founder's day address was delivered by John E. Stealy, associate professor of historical theology at the seminary. This service marked the half-way point of the celebration of Southeastern's 10th anniversary. Southeastern began classes in the fall of 1951.

Other board action included the approval of a new office, director of student activities. Truman Smith of the faculty was named to head this new department and will take over his duties immediately. Smith will be responsible for working with the student coordinating council, aiding and assisting in planning and directing student activities, and will also help to administer the student aid fund.

Sabbatical leaves were granted for one year with full pay to three faculty members--John T. Wayland, James E. Tull, and Carroll Trotter. The leaves have been granted for the year 1961-62.

The board approved extending for one year a campaign to secure capital funds and endowment for the library.

Maryland, Georgia Rate
In Cooperative Program

(2-23-61)

NASHVILLE (BP)--Maryland, one of the smaller states in size and number of church members, ranked at the top in per capita giving through the Cooperative Program in 1960 in the Southern Baptist Convention.

Porter Routh of Nashville, SBC treasurer, reported here Maryland gifts per member of affiliated churches through the Cooperative Program were \$7.85. Of this, \$3.28 (another top ranking) went from the state Baptist treasury to agencies of the Southern Baptist Convention.

Maryland ranked second only to heavily-Baptist Georgia in the percentage of Cooperative Program gifts last year forwarded to the SBC. Georgia, with 887,000 Baptists, forwarded 45.34 per cent. Maryland, with 56,000 Baptists, sent 41.77 per cent.

Hawaii, with \$7.00 per person, ranked second in total per capita gifts through the Cooperative Program. Virginia, with \$2.34 per person, came in second in amount of gifts per capita forwarded to the Southern Baptist Convention.

The range of per capita giving via Cooperative Program was from Maryland's \$7.85 to Kentucky's \$3.71, with the average \$5.03. The range of per capita giving reaching the Southern Baptist Convention was from Maryland's \$3.28 to Arizona's 75 cents. The average was \$1.80.

In all, \$48,870,766 came in to state Baptist treasuries from affiliated churches through the Cooperative Program during 1960. The states forwarded \$17,470,502 to activity of the SBC.

New McCarthyism Said
Emerging In America

LOUISVILLE (BP)--A new McCarthyism reportedly emerging in the United States occupied the attention of Baptist editors during an off-the-record discussion here.

The editors considered the possibility this new wave of McCarthyism could fan needless flames, injure innocent people, and make editors victims of their own hysteria.

As loyal Americans, Baptist editors oppose Communism. As Christians, they preach the best antidote to Communism, the discussion went. But there is no reason for sudden alarm over Communism, for conditions have not changed that suddenly.

Certain alarmists, it was suggested, find it financially profitable to fan these flames. They have a ready and responsive audience in people who are uncomfortable and unstable in their evaluations of world events.

Groups such as the House unAmerican Activities Committee are neither all white nor all black, it was said. Baptist editors need to insist on fairness, justice, and honesty. If not, they may unwittingly become victims of a well-organized plot to reduce freedom of speech and the press, and to smear the Baptist name.
