TAKE YOUR CHOICE

The wets are determined to give America a whiskey bath and to lead us down the road to drunkenness and ruin. A bill has been introduced to the Senate, Saylor Bill HR 5407, asking relief of the tax load on distillers. One argument advanced for its passage was that the manufacturerers are "troubled by surplus stocks."

The formula proposed by these men is like this:

Less taxes equal lower prices
Lower prices equal more liquor sold
More liquor sold equals lower inventories
Lower inventories equal more room to store new liquor.

Just how dumb do the wets think America is anyway?

Actually the true formula is:

Lower taxes equal lower prices
Lower prices equal more whiskey sold
More whiskey sold equals more whiskey drunk
More whiskey drunk equals more drunkenness
More drunkenness equals a ruined America.

There it is, take your choice: Richer whiskey-makers and a ruined America or poorer whiskey-makers and America at least as well off as it is.

The action needed: A wire or letter to your senator, NOW! AT ONCE! TODAY!
