OFF AGAIN, GONE AGAIN--W. A. Mitchiner, an Oxford, N. C., businessman, is a member of the Southern Baptist Convention Home Mission Board. He and Mrs. Mitchiner have been keeping close touch with Southern Baptist home and foreign missions since 1952 by trips almost every year to mission points of interest. They are shown here leaving on one of their overseas journeys. Their 1962 trip was to take them through the Far East, behind the Iron Curtain and into Western Europe. Baptist churches in North Carolina would be enriched later by their slide presentations and talks on missions they'd seen. Having no children of their own, you might say the Mitchiners have adopted Baptist missionaries as their "children." (BP) Photo

SAN FRANCISCO--The low aerial view of San Francisco shows the Bay Bridge to Oakland in the foreground, the Golden Gate Bridge dimly visible in the left background. The miles of waterfront are shown. To the extreme upper right is the Bay area where Golden Gate Baptist Theological Seminary has its campus. The 1962 Southern Baptist Convention meets in San Francisco June 5-8.
