STATE OF CONFUSION!

ST. LOUIS, Mo.--(BP)--There seems to be a difference of opinion about the weather in St. Louis in June. Some say warm, some say cool. No one says hot, no one says cold. What to wear to the Southern Baptist Convention may be a problem to some thinking it is too far North to wear white shoes and panama hats, too far South to require top coats. No clear answer to the problem is possible.

This much is true, it won't be as windy as Chicago in 1950, as cool as San Francisco in 1951, as balmy as Miami in 1952, or as hot as Houston in 1953. However, it could be as rainy as Oklahoma City in 1949. It is also true that after reading this you are still uncertain about what to wear. Let common sense be your guide and wear what you wish.
