**BEST GROUP DISCUSSES SCHOOL FINANCING:** One of 22 study groups meeting in Nashville for the Baptist Education Study Task (BEST) first national conference is shown discussing the problems of financing Baptist higher education programs, including the question of federal aid to education. Six groups in the study dealt with financing, the others grappling with other problems facing Baptist higher education. Norman Shands, (left), of Kansas City, Mo., was chairman of this particular group. (BP PHOTO)

**Note to State Paper Editors:**

Next week, the Nashville staff of the Baptist Press will be out of town. The Washington office of the Baptist Press will mail all stories to you during the week of June 20-25. If you have stories for Baptist Press during this period, mail them or call them to W. Barry Garrett or Mrs. Nona Saturday Junkin in Washington. Do not send them to Nashville if the story would arrive prior to June 24.
