RIO DE JANEIRO SET
FOR NEXT WORLD CONGRESS

WASHINGTON, D. C.--(BP)--The Baptist World Congress will meet in Rio de Janeiro, Brazil the week of July 15, 1960, provided satisfactory terms can be worked out by the host committee. An invitation to the Southern Hemisphere by Baptists in Rio was accepted by the Executive of the Baptist World Alliance meeting in Washington, May 22. There are sufficient hotels and an auditorium that will seat 20,000 people. It will be the first time for the Congress to meet south of the equator.

The Executive meeting in Washington for its annual meeting had 62 members present from more than a dozen countries. Included were five representatives from Russia.

Henry Cook of London who has been serving as interim European secretary for the Alliance was elected to serve another year. Carl Tillers, Washington, was elected as western treasurer to succeed Edward B. Willingham, who recently moved from Washington to New York City.

Two resolutions on religious freedom were adopted. A strong appeal was addressed to General Franco, chief of state in Spain, asking that the Evangelical Seminary and School in Madrid, recently closed by the Spanish government be permitted to resume its work. The resolution states, "The present situation caused great distress of mind to all friends of Spain, including Roman Catholics, and we are sure that if the Spanish government would permit the seminary and school to be opened it would give great pleasure to all liberty loving people."

An equally strong appeal was sent to the Columbian government, "With a deep concern for the freedom of people of all religions and races we appeal to the Columbian government to do all in its power to secure order and liberty for all."

The 1957 budget for the Baptist World Alliance was set at \$70,700 as compared with \$58,500 for 1956. Funds are already in hand sufficient to make up the difference.

Theodore F. Adams, president of the Baptist World Alliance, told of his recent mission tour to the Baptists of the West Indies. He found three things: (1) real hunger for fellowship (2) great unawareness of other Baptists (3) keen interest in the affairs of the Baptist World Alliance. Dr. Adams said he will tour the Far East this summer and that his church has generously agreed to bear the expenses of most of his presidential traveling. In closing his remarks he expressed hope that Baptists of the world would not forget four words spoken in London on the occasion of his election, fellowship, faith, evangelism and prayer.

Arnold T. Ohrn general secretary for the Alliance in his report said that the best thing that had happened to the Baptist World Alliance since the Congress was the coming of Robert S. Denny. Denny was introduced. He told of a youth leadership meeting planned for August 20 in Hong Kong. He spoke also of the next Baptist World Youth Congress to be held in Toronto, Canada in July 1958.

Ronald Bell one of the treasurers for the London Congress Committee said that there was a balance of \$28,000 after all expenses were paid. \$4,200 was remitted to the Executive of the Baptist World Alliance to cover Congress expenses incurred in America for travel, mimeographing, telephone, ect. The balance was distributed to various British societies for use in mission work and scholarships.

The next meeting of the Executive Committee of the Baptist World Alliance will be held in McMaster University, Hamilton, Ontario, the last week in August of 1957.

**BILLY GRAHAM CITES
BAPTIST EVANGELISM LEADERSHIP**

WASHINGTON, D. C.--(BP)--"The Baptist responsibility to the world is to lead in evangelism," said Billy Graham in an address to the Baptist World Alliance Executive meeting here in May. "In my journeys I have found the Baptists always in the forefront of soul-winning."

He told of recent travels in the Far East, where crowds ranged from 20,000 to 115,000. Four things impressed him during his trip: (1) All minds are the same the world over. They respond in India, America, Germany the same way. (2) People will respond to the gospel when it is preached in simplicity and power. (3) Christ can give grace, strength and power when he is truly accepted. (4) There is a common denominator that we have with all men, the spiritual denominator. It will be the basis of real peace.
